

GLOBAL MINISTRIES UNIVERSITY  
*Honoring the sacred in all religions and spiritual traditions*

OFFICE OF THE DEAN OF D.MIN./M.DIV. PROGRAMS

***To Our GMU Family!***

Twenty years ago, around a kitchen table, Gerry Grudzen, Bill Manseau and I shared our dreams for a new innovative, flexible and affordable kind of education. It would equip students with theological and professional skills for ministry, enabling them to meet the needs of believers in our contemporary world. Our inclusive vision embraced the equality of all persons, cultures, and religious traditions. In partnership with the Federation of Christian Ministries, Global Ministries University became a reality, offering internet-based, innovative, affordable graduate degree programs.

I am honored to be one of the founders of GMU and to now teach courses in religious studies and women's spirituality and serve as dean of the Master of Divinity and Doctor of Ministry degree programs. One of the major highlights for me is affirming students as they embark on their studies.

With joy, I give thanks for all the faculty, students and staff, whose dedication has helped our dreams to evolve and blossom. Happy 20th Anniversary GMU!
